EDUCATION

European University Institute (EUI), Florence, Italy 2025 –
PhD in Political Science
Supervisors: Kevin Munger and Arnout van de Rijt

Hertie School, Berlin, Germany 2022 – 2025
MSc in Data Science for Public Policy
Study Abroad: **Tsinghua University**

University of Cologne, Cologne, Germany 2018 – 2022
BSc in Social Sciences with Distinction
Study Abroad: **Sabancı University**

RELEVANT EXPERIENCE

Peking University September 2024 – April 2025
Student Researcher, AI and Society

- Conducted a literature review on trust and artificial intelligence using the Web of Science database
- Designed and ran a survey experiment on labeling AI-generated content on social media

German Federal Ministry of Labour and Social Affairs July 2023 – August 2024
Data Scientist (Full-Time), Datalab

- Developed social data dashboards using `R Shiny`
- Introduced SQL database to build data warehouse across units within the ministry
- Designed and delivered data literacy workshops for policy officers (statistics, data visualization, surveys)
- Built NLP applications to increase efficiency in lawmaking using machine learning models and regular expressions

Max Planck Institute for the Study of Societies May 2022 – July 2022
Research Intern, Sociology of Public Finances

- Constructed a dataset using parliamentary material database (DIP) of the German Bundestag
- Applied topic models and semantic networks to trace shifts in social and climate policy discourse in the German Bundestag

Sabancı University January 2022 – April 2022
Research Intern, Computer Science Department

- Analyzed the interdependence of online conspiracy theories using machine learning and network science on Reddit text data

Max Planck Institute for the Study of Societies September 2020 – September 2021
Research Assistant, Sociology of Public Finances

- Evaluated interviews with senior staff from the German Federal Ministry of Finance
- Used text-as-data methods (e.g. topic models) to analyze shifts in German budget debates (*Haushaltsdebatten*)

University of Cologne March 2020 – September 2020
Teaching Assistant, Advanced Statistics

- Led six hours per week of tutorial sessions accompanying the lecture *Applied Regression Analysis*
- Taught bivariate and multivariate regression, dummy variables, non-linear models, mediation and moderation analysis, diagnostics, and logistic regression

PUBLISHED PAPERS AND WORK IN PROGRESS

1. Implied Authenticity Effect? The Impact of Explicit Labels on AI-Generated Content (with Drew Dimmery and Pu Yan). *Proceedings of the International AAAI Conference on Web and Social Media*, 20(1), 1738–1766, 2026.
2. Refugee Settlement and Local Civic Life: Evidence from German Football Clubs (with Sascha Riaz and Heike Klüver, Maurice Baudet von Gersdorff). *In progress.*
3. Polish Identity Formation before World War I (with Felix Kersting and Oliver Wach). *In progress.*
4. Estimating the Durability of Political Science Research (with Kevin Munger, Sebastian Ramirez-Ruiz, Mathieu Dubied and Marcos Echevarria-Eirea). *In progress.*
5. IYKYK: Onliness and the Visual Decoding of Political Ideology (with Kevin Munger, Sebastian Ramirez-Ruiz, Mathieu Dubied and Marcos Echevarria-Eirea). *In progress.*

GRANTS AND AWARDS

Hertie School Data Science Lab, 500€
Best Thesis Award 2025

Peking University & Hertie School, 2.200€
Research Grant for Experiment 2025

PROMOS (DAAD), 1.100€
Grant for studying at Tsinghua University 2024

Hertie School, 14.500€
Tuition waiver 2022

METHODS & TECHNICAL TRAINING

2026 **EUI**, Causal Inference (Sascha Riaz)
2026 **EUI**, Advanced DiD Estimators for Causal Inference (Roberto Valli & Sebastian Ramirez-Ruiz)
2025 **EUI**, Econometrics (Francesco Drago)
2025 **Hertie School**, Geospatial Data Analysis (Alexandra Kapp)
2024 **Tsinghua University**, Advanced Machine Learning (Jie Tang & Jun Zhu)
Tsinghua University, Big Data Intelligence (Wenwu Zhu & Xin Wang)
2023 **Hertie School**, Causal Inference (Will Lowe)
Hertie School, Data Structures & Algorithms (Hannah Bechara)
Hertie School, Developing Bots & Scrapers (Pierre Daix-Moreux)
2022 **Hertie School**, Machine Learning (Slava Jankin)
Hertie School, Mathematics for Data Science (Alexander Buchholz)

OTHER

Programming	R, Python, SQL, Git, LaTeX, Stata, SPSS, Qualtrics
Languages	German (mother tongue), English (fluent), Polish (basic)
